Proizvođač: SVS

Cena: 233.880,00 rsd

pounding bass without sacrificing refinement or control. You're always feeling the full intensity of every song or scene with no distortion or limiting at all volume levels.

Massive Power with Precise Control

Conservatively rated at 800 watts RMS, 2,500 watts peak power Sledge STA-800D2 amplifier maximizes the full potential of the 13-inch driver with effortless power and absolute control. The innovative design combines the efficiency of a Class D amplifier with the ability to move colossal amounts of current through the fully discrete MOSFETs, enabling immense output with surgical precision resulting in outstanding real-world subwoofer performance at all drive levels.

New Rear Panel Intelligent Control Interface

Designed specifically for the 3000 Series Subwoofers, the Intelligent Control Interface (ICI) on the rear panel of the 3000 Series cabinets provide control options for the subwoofer's most critical functions. Adjustments can be made for volume based on listening preferences and content to achieve full and balanced bass response.

SVS Subwoofer Smartphone App

The 3000 Series subwoofer app is the most convenient way ever to control volume, access multiple DSP functions and program custom presets for one-touch tuning optimized for music, movies, gaming, and more. Adjust crossover frequencies, a three-band parametric EQ, polarity, room gain and more from your favorite seat.
