SVS SoundPath Subwoofer Isolation System (4 foot)

Šifra: 12822
Kategorija prozivoda: Hi-Fi Subwooferi
Proizvođač: SVS

Cena: 7.080,00 rsd

How Does De-coupling Improve Performance?
Decoupling is making the interaction between a subwoofer and floor so weak that virtually no energy is transferred between them. The SVS SoundPath Subwoofer Isolation System features rigorously tested optimized durometer elastomer feet that significantly reduces the transmission of subwoofer energy through your floor and walls. This allows low frequency effects to be transferred through the air where they can be felt, resulting in tighter and cleaner sounding bass, no more distracting buzz or rattle from the room, and better sonic clarity and dynamics.

Be A Better Neighbor
Infrasonic jolts and subterranean levels of bass bring our entertainment to life, but they can also disturb neighbors and roommates because the longer, low frequency sound waves travel more effortlessly through walls and floors than mid-range and high frequency waves. It’s the reason your neighbor can hear a helicopter descending much louder than glass breaking. The SVS SoundPath Isolation System drastically reduces the bass notes and low frequency vibrations your neighbors and roommates will notice.
A Discreet, Affordable Alternative To Subwoofer Platforms And Risers
The SVS SoundPath Subwoofer Isolation System feet come in a variety of thread sizes that easily screw into any subwoofer’s existing threaded inserts and subtly elevate the sub enclosure on a cushion of elastomer encased in stainless steel. The understated feet are a stylish, more effective alternative to bulky risers and platforms, at a fraction of the cost and also work with some turntables and other components.

Materials Of Construction:
Durable Anodized Steel Outer Shell
Elastomer Foot with Optimized Durometer

Stainless Steel Machine Screws
Subwoofer Isolation Feet Dimensions:

Overall Height: 40 mm
Shell Diameter: 58 mm
Foot Diameter: 53 mm
Screw Engagement Depth: 9mm (applies to 16mm length screws)

Package Contents:
4 Foot System:
Four (4) SoundPath Isolation Elastomer Feet with Steel Outer Shell
Four (4) ¼-20 x 16 mm screws
Four (4) M6 x 16 mm screws
Four (4) M8 x 16 mm screws

4 Foot Compatibility
SB-1000
PB-1000
SB12-NSD
PB12-NSD
SB-2000
PB-2000
SB-4000
SB13-Ultra
SB16-Ultra
All Cylinder Models

Cene su informativnog karaktera. Prodavac ne odgovara za tačnost cena iskazanih na sajtu, zadržava pravo izmena cena. Ponudu za ostale artikle, informacije o stanju lagera i aktuelnim cenama možete dobiti na upit. Plaćanje se isključivo vrši virmanski - bezgotovinski.
