

Beyerdynamic TG D35 Dynamic Drum Microphone (Supercardioid)

Šifra: 12775
Kategorija proizvoda: Instrumentalni Mikrofoni
Proizvođač: Beyerdynamic

Cena: 9.840,00 rsd

IDEAL FOR LOUD INSTRUMENTS

The dynamic capsule allows the miking of high sound pressure levels without distortion.

“READY TO ROCK”

The supplied MKV 87 microphone clamp provides a perfect grip and immediate readiness for use.

SMART DESIGN

The compact design and the lightweight, rugged plastic housing allow easy positioning on Toms and Snare Drums. Its low weight avoids undesirable oscillations of the microphone.

PERFECT TUNING

The balanced proximity effect ensures the reproduction of very deep frequencies. This special tuning for toms and snare supplies a clear and extraordinary powerful sound.

SUPERCARDIOID CHARACTERISTIC

The supercardioid polar pattern allows a high channel separation and provide clear sound. Therefore, the TG D35 is ideal for ambitious musicians or home studio owners, who have only limited space available on their drum sets.

Dynamic Drum Microphone (Supercardioid)

Professional microphone for miking drums, percussion and other instruments

Tuned frequency response predestined for toms and snare

Compact and robust plastic housing ensures an easy and secure positioning

Supercardioid polar pattern allows a high channel separation
