BEYERDYNAMIC TG D50d

Šifra: 1125
Kategorija prozivoda: Instrumentalni Mikrofoni
Proizvođač: Beyerdynamic

Cena: 14.280,00 rsd

Professional dynamic microphone (cardioid) for drums, percussion and instruments

The latest member of the touring gear family - the TG D50d - is a true allrounder! Thanks to its compact dimensions, this microphone does a great job, using it as a kick-drum or tom microphone and it works great for nearly all kinds of instruments.

Just like its big brother, the TG D70d, the TG D50d has a switchable EQ integrated as well. Switching it to “LIN”, this microphone delivers a linear, natural sound without any modification. The “EQ” switch optimises it for kick-drums without any additional devices.

The transducer used in the TG D50d offers the typical powerful “beyer”-sound and very high gain before feedback – thanks to its cardioid polar pattern.

Shipped incl. transport bag and special microphone clamp MKV99.

Sound Channeling Technology:

- Expanded resonance space for exceptionally powerful sound
- Special sound holes for a frequency-independent polar pattern

Technical Data

Price category	Mid-level
Transducer type	Moving coil (dynamic)
Polar pattern microphone	Cardioid
Microphone frequency response	50 - 17000 Hz (LIN) / 20 - 15000 Hz (EQ)
Net weight without packaging	0 g
