# Beyerdynamic TG H74c tan

Šifra: 09809
Kategorija prozivoda: Headset Mikrofoni
Proizvođač: Beyerdynamic

## Cena: 18.000,00 rsd

**Professional neckworn condenser microphone (supercardioid) for stage use**

The TG H74c, designed for wireless operation, offers plenty of freedom of movement.

With a supercardioid polar pattern and compensated proximity effect, it is particularly suited for musical and theatre applications. Highly adjustable, exceptionally discreet, mountable on both sides and impressively small and rugged – what else could you want from a headset microphone? For wired operation at a phantom powering input, the optional CV 18 is necessary.

Available in both black and tan.

**SCT:**
Sound channelling before diaphragm as a treble resonator to optimise the high-frequency reproduction
Special sound openings to shape the polar pattern

## Technical data

| | | |
|---|---|---|
| Price category | | Professional |
| Transducer type | | Electret condenser |
