suited for musical and theatre applications. Highly adjustable, exceptionally discreet, mountable on both sides and impressively small and rugged - what else could you want from a headset microphone? For wired operation at a phantom powering input, the optional CV 18 is necessary.

Available in both black and tan.

SCT:

Sound channelling before diaphragm as a treble resonator to optimise the high-frequency reproduction

Beyerdynamic TG H74c tan

Professional neckworn condenser microphone (supercardioid) for stage use

The TG H74c, designed for wireless operation, offers plenty of freedom of movement.

With a supercardioid polar pattern and compensated proximity effect, it is particularly

Special sound openings to shape the polar pattern
