VOCAL MICROPHONE

The TG 30 series is the perfect start into the world of beyerdynamic.

The reliable and rugged all-around TG V35 s model is a dynamic vocal microphone that is ideal for beginners.

NATURAL SOUND

Its natural sound that is typical for beyerdynamic and its supercardioid polar pattern with high feedback rejection are valued by vocalists, DJs and speakers in rehearsal rooms and on stage.

SOUND CHANNELLING TECHNOLOGY

Our acoustic experts have created acoustic labyrinths with special geometries that provide optimised sound channelling. They influence the sound and model the polar pattern by using precisely tuned delay lines and attenuation pads. Whether with additional elements, special materials or unique design: every beyerdynamic microphone has its own Sound Channelling Technology (SCT) to ensure optimal control of the sound waves. The result? Incredible sound quality.

MIC SET

The TG V35 s is also available as MIC SET and includes in addition to the microphone a 4.5 m XLR cable and a K&M microphone stand with boom.

TOURING GEAR

THE BEST LIVE MICROPHONE SERIES WE'VE EVER BUILT.

Touring Gear - a series of live microphones that are set to excite performers in studios and on stages all over the world. Rugged in design with phenomenal audio quality, they are the perfect complement to beyerdynamic's legendary M series models, including well-known classics such as the M 88 and M 160.
