ADJ Ultra Bar 9

If you are

having problems with getting that ambient lighting just right when it comes to your restaurant or dance floor, then look no further than the ADJ Ultra Bar 9. With the 1 meter long bar and 9 x 3W ultra bright TRI LEDs, you will really see the difference it will make to your space. If you wanted to get some serious stage or wall washing going then check out the variable RGB color mixing that provides a seemingly unlimited color palette.

There are 35 built-in color macros so you can set it up and go about your day while it runs all day thanks to the 50,000 hr long life LEDs. The ADJ Ultra Bar 9 can be controlled with the ADJ RFC remote with RF control up to 30 ft/10M (sold separately). It offers a linkable DMX via 3-pin XLR cable and has mounting brackets so that it can be put on a wall or secured to the ground. The quick align end locking (patent pending) mechanism will allow for a quick and easy setup and a seamless output of light.

Flexible programming is offered through the on-board 4-Button LED DMX-512 menu and will allow you to customize your setup the way you want it to be. The Ultra Bar 9 is the perfect Linear fixture that your setup is missing.
