

WARM AUDIO EQP-WA

Šifra: 12124

Kategorija proizvoda: Efekti i Procesori

Proizvođač: Warm Audio

Cena: 92.280,00 rsd.

Utilizes premium grade input and output CineMag USA Transformers.

Tube Equalizer based on the classic "Pultec" EQP-1A.

Premium high voltage 12AX7 and 12AU7 tubes.

CineMag inductor EQ section.

EQ section is bypassable - signal still passes through tubes and transformers for warming effect.

No insertion loss - loss restored by tube amplifier.

XLR and TRS transformer balanced inputs.

XLR and TRS transformer balanced outputs.

Flat frequency response from 20 Hz - 50 kHz.

Boost and Cut controls can be used simultaneously for phase effect.

Low frequency boost - 20, 30, 60, 100, 200, 400, 800 Hz - 12 db.

Low frequency cut - 20, 30, 60, 100, 200, 400, 800 Hz - 18 db.

High frequency boost - 3, 4, 5, 8, 10, 12, 16 kHz - 18 db.

High frequency cut - 3, 4, 5, 10, 20 kHz - 14 db.

5 added frequency points for greater flexibility.

Switchable 115/230 volt IEC power inlet.

Dimensions: 19 x 3.5 x 6 inches - 2RU rack mountable.
