The MPLT62-G is two-way long throw horn 100 volt high quality music projector. It has 62 watts rated power handling RMS at 100 volt and has transformer taps at 62 – 32 – 16 – 8 watts. Its long throw output performance brings quality sound over long distances and in wide areas with both music and speech. The two-way characteristic makes your music still sound natural where the horn shape housing makes sure you cover a big distance.
Thanks to the well-considered coverage range, high sensitivity, high output, low distortion and extended frequency response, this MPLT62-G horn loaded loudspeaker is ideal for voice, music or even alarm signals. It can be used in outdoor applications such as recreational facilities, schools, parking facilities, as well as large indoor applications such as sports centers, airports, exhibition halls...
