The APart PA240P is, in addition to the MA mixig amplifier series, a fully equipped constant voltage power amplifier that will meet all of your requirements. Besides high reliability and the basic functions of a power amplifier the PA240P excels above similar products by the inclusion of its extra technical features, possibilities and protection.

The PA240P comes with a removable metal protection cover so that unauthorised people can not change the amplifier settings (volume & bass-treble tone control)on the front panel.

In brief, it’s the one you can rely on!
