PRO-JECT Primary E Red OM NN Gramofon

response: Primary E

With a smart tonearm design we were able to combine pure sound quality with an easy setup. Our plug&play design with pre-adjusted tracking force and anti-skating has saved us costs and is extremely efficient in handling for our customers. With no compromise in sound. On contraire, the lightweight and low friction aluminium tonearm is optimized for the Ortofon cartridge and will bring out its maximum potential. With intelligent
