Kategorija prozivoda: Stalci za Hi-Fi Zvučnike
Proizvođač: IsoAcoustics

Cena: 25.812,00 rsd

Aperta, the stylish and sleek new line of sculpted aluminum acoustic isolation stands designed for medium-sized professional studio monitors and speakers. Aperta, <ah-pair-tah,>the Italian word for “open,” describes the stands’ stylized design that creates open space and compliments its surroundings, as well as the spatial openness in sound and the crystal clarity in music that they deliver. The artistically designed Aperta stands raise the bar to set a new standard for remarkable acoustic isolation and performance. As with all IsoAcoustics award-winning isolation stands, Aperta provides an aesthetically pleasing and cost-effective means to markedly enhance the sound clarity and transparency of medium sized speakers, using the patented “floating design” that this company has become famous for.
