

SVS SB-12-NSD

Šifra: 13752

Kategorija proizvoda: Hi-Fi Subwooferi

Proizvođač: SVS

Cena: **65.880,00** rsd

From the thunderous pounding as a helicopter descends from overhead, to the thumping bass line of your favorite songs; the compact SVS SB12-NSD subwoofer delivers the sonic slam and room energizing SPLs that bring your entertainment to life.

A combination of innovative driver design, effortless amplifier power, handsome styling and compact dimensions make the SB12-NSD a world class performance at any price. The subwoofer easily integrates into any room and adds a powerful new dimension to all your entertainment. Feel sound like never before with dynamics that make your hair stand on end and effects that make you jump out of your seat. Best of all, you will never find this level of rock-solid SVS engineering and deep, articulate bass performance at such a low price, ever.

Forceful SVS 12" NSD High-Output Driver

With SVS, compact and affordable doesn't mean compromising on performance. The 12" driver in the SB12-NSD handles every watt of the Sledge amplifier's power and pumps out loads of deep, flawless and powerful bass with ultra-low distortion, even when pushed to the absolute limit.

Sledge Amplification: Foundation of Room Energizing Bass Performance

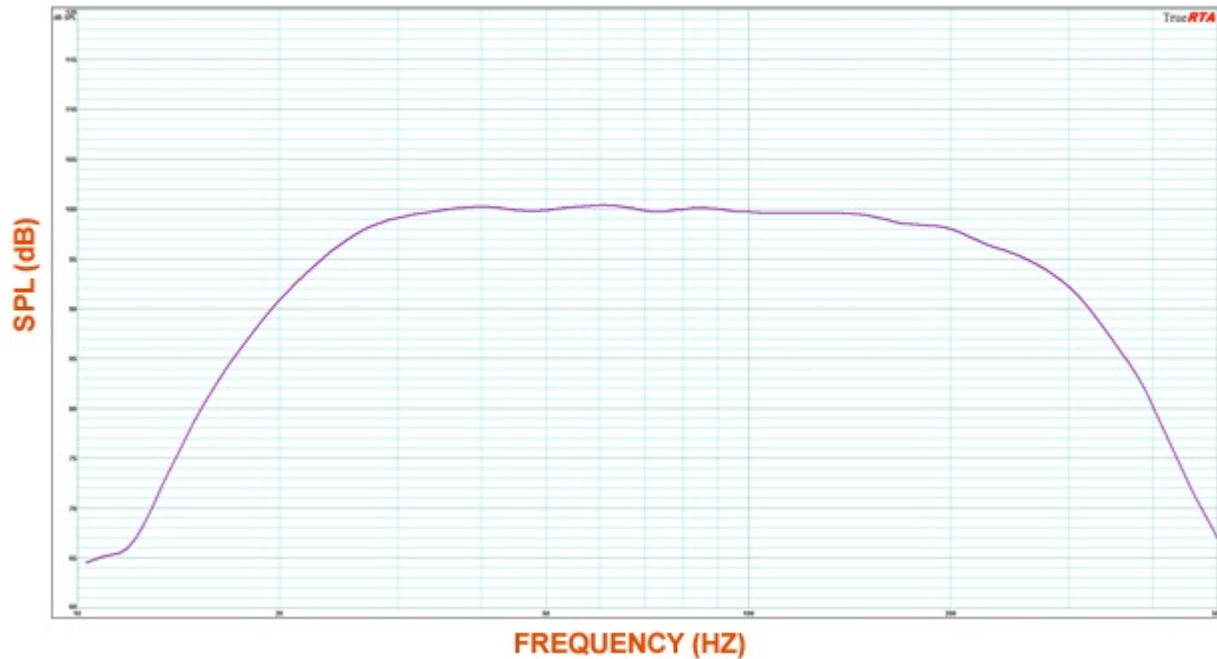

True to the SVS philosophy, the SB12-NSD Sledge STA-400D amplifier has been rigorously engineered to enhance the listening experience by providing quick, smooth and precise signal processing at all drive levels. With digital bass management features and flexible set up options, the Sledge amp makes it easy to optimize for any equipment and to accommodate any room characteristics. Conservatively rated at 800 watts peak power, and 400 watts continuous power, the SB12-NSD effortlessly works with the driver to deliver intelligent, powerful bass performance.

Handsome New Styling, Versatile Placement Options, Easy Room Integration

The SB12-NSD is available in premium Black Ash finish for high end styling that complements its stunning performance. At just over 14" on all sides, the compact SB12-NSD is incredibly easy to integrate into any living space and can even be placed inside furniture for a totally discrete set-up. The sealed box cabinet is optimized for deep, room-energizing bass, lightning quick speed in transients and revealing musicality that will suit both audiophiles and home theater fans alike.

Frequency Response / Acoustic Data:

23-270 Hz +/- 3 dB

2-meter ground plane away from reflective structures
(quasi-anechoic)

Subwoofer Specs:

High quality charcoal black vinyl, or polished piano
gloss finish

Front-firing 12" driver

Rigid Medium Density Fiberboard (MDF) cabinet

Protective non-resonant steel mesh grille

Detachable 8 foot power cord

Cabinet Dimensions: 14.2" (H) x 14.2" (W) x 14.2"(D)

Overall Dimensions: 14.7" (H) x 14.2" (W) x 17.3"(D)
(includes feet, grille, amplifier)

Weight (unboxed): 35 pounds

Shipped Dimensions: 21" (H) x 20" (W) x 22"(D)

Weight: 51 pounds

Driver Specs:

SVS 12" NSD driver

2" diameter, high-power voice coil with high-temp

former

Nomex linear roll long-throw spider

Low-creep rubber long-throw surround

Spider-integrated tinsel leads

Aluminum cone and composite dust cap with SVS logo

Powder-coated cast aluminum basket

Finite Element Analysis (FEA)-optimized motor structure

Dual shorting rings and pole extenders to reduce gap induction and distortion

Dual high-grade ferrite magnets

Amplifier Specs:

STA-400D Sledge with 400 watts RMS continuous power (800 watts peak dynamic power)

High efficiency cool-running Class D switching topology

Detachable power cord with main power switch and fuse

RoHS compliant, lead-free construction and world-wide safety certifications

Auto-On / On switch with "green" standby mode

Stereo line-level RCA input/output connections

Fully adjustable low pass filter with Disable setting

Unfiltered (for daisy-chain) and 80 Hz HPF line level RCA outputs

Customized EQ and DSP limiter settings specifically for the SB12-NSD

Input impedance - 20 kΩ (unbalanced RCA)
