

## AUDIX FP5

Šifra: 1393

Kategorija proizvoda: Setovi Mikrofona

Proizvođač: AUDIX

Cena: **44.280,00** rsd

### THE MICS:

#### **f5 x 1 -Snare, Timbale, Guitar Cabs**

The f5 is characterized with a hypercardioid pickup pattern for isolation and feedback control and is equipped with a LM™ Type A (Low Mass) diaphragm for natural, accurate sound reproduction. The f5 is sturdy, compact and easy to position. With a wide frequency response of 55 Hz – 15 kHz, the f5 provides clear, accurate, natural sound reproduction without having to rely on EQ. Other features include roadworthy construction, precision cast zinc alloy body, steel mesh grill, black coat finish, laser etched model number, gold XLR connector and a heavy duty nylon mic clip.

#### **f2 x 3 - Rack Toms, Floor Toms, Congas**

The f2 is characterized with a hypercardioid pickup pattern for isolation and feedback control and is equipped with a LM™ Type A (Low Mass) diaphragm for natural, accurate sound reproduction. The f2 is lightweight, compact and easy to position. With a wide frequency response of 52 Hz - 15 kHz and the ability to handle sound pressure levels of 139 dB. Other features include roadworthy construction, a precision cast zinc alloy body, black coat finish, laser etched model, steel mesh grill, gold XLR connector and a tension-fit heavy duty nylon mic clip.

#### **f6 x 1 Kick drum, Cajon, Djembe, Bass Cabs**

The f6, which is characterized with a hypercardioid pickup pattern for isolation and feedback control, is equipped with a LM™ Type A (Low Mass) diaphragm for natural, accurate sound reproduction. The f6 is lightweight, compact and easy to position. With a wide frequency response of 40 Hz - 16 kHz and the ability to handle sound pressure levels of 140 dB, the f6 is an excellent choice for miking kick drum and instruments requiring extended low frequency reproduction such as large toms and bass cabinets, leslie bottom, cajon. Roadworthy construction includes a precision cast zinc alloy body, black coat finish, laser etched model and serial number, steel mesh grill, gold XLR connector and a tension-fit heavy duty nylon mic clip.
