Šifra: 13767

Kategorija proizvoda: Aranžerske Klavijature

Proizvođač: CASIO

Cena: **22.920,00** rsd

The incredibly fun and easy-to-use Dance Music mode adds 50 dance patterns that let you quickly create and remix EDM tracks. Select a style, and use the keys to trigger drum loops, basslines, synth parts, effects, transitions, and more. A pitch-bend wheel lets you practice synthesizer-focused techniques, while the Casio Chord function allows you to play chord voicings using only one, two, or three fingers.

The invaluable practice mode helps you learn 60 built-in classic piano songs with the option to adjust the tempo and even isolate left- or right-hand parts to develop your skills with more confidence.

The USB port lets you connect to any Mac/Windows/iOS/Android device with no drivers needed. Use the CT-S300 as a USB MIDI controller for music production, or use the free Chordana Play iOS/Android app to learn how to play your favorite songs from downloaded MIDI files.

The built-in speakers are great for sharing your music with friends. Plug in headphones for quiet play at any time. The 3.5mm aux input enables you to connect your phone/tablet or music player and play along with your favorite songs.

The compact CT-S300 lets you make music wherever and whenever you want. Just pop in six AA batteries (available separately), grab the built-in carrying handle, and take your inspiration to go. The keyboard can also be powered via the included AC adapter.

Go-Anywhere Touch-Sensitive Keyboard Makes Music Fun

The CT-S300 features 61 full-size touch-sensitive keys, an easy-to-read LCD display, and intuitive controls such as the My Setup button, which quickly recalls your favorite sounds and settings

Explore 400 great sounds and 77 rhythms with full accompaniment, plus 10 types of reverb to add depth
