FOCAL CHORA CENTER Dark Wood Centralni zvučnik

Šifra: 13881
Kategorija proizvoda: Centralni Zvučnici
Proizvođač: Focal

Cena: 47.880,00 rsd

with the loudspeaker also guarantees an improved sound image for even better immersion.

FOCAL CHORA CENTER Dark Wood Centralni zvučnik

The Chora Centre perfectly completes your Chora Home Cinema system. Thanks to its Aluminium/Magnesium tweeter and its two Slatefiber Midrange/Bass speaker drivers, it reproduces the dialogues in your films with exceptional clarity and level of detail. The base improves the sound image for increased immersion.

Available in three finishes, Chora Centre can be installed on an optional dedicated stand, or positioned directly on your TV unit. A base supplied

Centre Speaker For a Complete Home Cinema System
Slatefiber Technology: Clear and Precise Voice Reproduction
Base Supplied With The Loudspeaker: Better Sound Image

The TNF Tweeter

The TNF Tweeter

Soft and Precise Treble
The surround linking the dome to its stand uses a memory foam material called Poron. This surround is directly derived from the Utopia's famous Beryllium tweeter and reduces distortion by a third between 2,000Hz and 3,000Hz, the ear's high-sensitivity range. The spatialisation

and very low directionality of the inverted dome allow silky trebles to be heard from any point in your listening room.

The Slatefiber Cone

The Slatefiber Cone

Slatefiber technology, exclusive to Focal, involves the use of recycled, non-woven carbon fibres applied as a sandwich between two layers of thermoplastic polymer. In their quest for perfection, Focal engineers have opted to use non-woven carbon fibres, all pointing in the same direction to achieve even greater rigidity and better damping. Manufactured in the Focal workshops using an ultra-modern industrial tool, the “slate” effect of the cone provides better damping and rigidity, but also lightness – the three “essentials” of a good speaker driver.

A Sleek, Modern Design

A Sleek,
Modern Design

The Chora range boasts a modern design, all lifted onto a tilted stand for Time Alignment, which provides an optimal soundstage, more focused on the listener. The slate colour of the Slatefiber cone adds a final refined, authentic touch.

On-trend Finishes

On-trend
Finishes

Chora is available in three finishes: Black, Light Wood and Dark Wood. On-trend colours that blend into different interiors and lend them a unique aesthetic signature.

Type	2-way sealed centre
Drivers	6 1/2" (16.5cm) Sl 6 1/2" (16.5cm) Sl 1" (25mm) TNF Al/
Sensitivity (2,83V/1m)	91dB
Frequency response (±3dB)	59Hz - 28kHz

Low frequency point (-6dB)	51Hz
Nominal Impedance	8Ω
Minimum impedance	3.8Ω
Recommended amplifier power	40/200W
Crossover frequency	2,100Hz
Dimensions (WxDxH)	21cm x 53cm x 25
Net weight (unit with grille)	8.9kg
Packaging dimensions (WxDxH)	(32cm x 62cm x 39
Net weight (with packaging)	10.7kg
