JBSYSTEMS LEDCON-XL

Šifra: 14286
Kategorija prozivoda: DMX Kontrole i Dimeri
Proizvođač: JBSYSTEMS

Cena: 23.880,00 rsd

The projector control section is a more performant version of our famous LEDCON-02 Mk2:

4 or 8 channel LED light modulator with integrated, speed or music controlled, chases.

For each of the 4 or 8 channels, you can select the DMX setup of the projector you are using. (RGB, RGBW, RGBWA, etc.) so the unit becomes compatible with almost any LED projector that is available on the market !

Each of these channels can be switched on/off if needed. (blackout for certain projectors)

Extra UV button for the use with for example 6-in1 LED projectors that include an UV LED

Separate dimmer and strobe fader.

Fixed color mode: Instant access to 9 pre-programmed colors with adjustable fade-over time

Static chase mode: 12 different color chases with manual speed control

Sound chase mode: 12 different color chases with audio triggering via the audio input or the integrated microphone

Spectrum mix: 32 different spectrum mix colors, including color fades

The extra fader section is comparable to our SCENEMASTER SCM-1:

This makes it possible to control extra projectors, light effects, foggers, etc. via the same DMX line

Perfect to control moving heads equipped with our unique SMART-DMX mode (previously known as DMX-MSL mode).

You can use the faders as 8 individual DMX channels or create 8 scenes (combination of faders)

General : Application	DJ & Club, Stage & Rental
General : Series	N/A
General : Dimensions (cm)	48 x 13 x 7,5
General : Weight (kg)	2.2
