# NOVATION LAUNCHKEY 25 MK3 - Midi Klavijatura

Šifra: 14492
Kategorija prozivoda: do 25 dirki
Proizvođač: Novation

## Cena: 21.000,00 rsd

**Ableton Live Integration**

Launchkey gives you unrivalled access to Ableton Live’s functions, including Capture MIDI, track arm, quantise, click and loop controls. Not using Ableton Live? No problem, Launchkey also has full integration with Logic and Reason, plus out of the box functionality with other DAWs including Studio One, Cubase and Pro Tools, via HUI.

**Expand Your Musical Vocabulary**

Inspirational features include Scale Mode, Chord Modes and a powerful arpeggiator, which together extend your musical capabilities and let you create in new ways. Scale Mode transposes keys and pads played to notes in the scale selected; three chord modes let you trigger complex chords with one finger, while the powerful arpeggiator gets melodies moving, fast.

**Four Model Sizes**

Available in 25-, 37-, 49- and 61-key variants, it’s easier than ever to pick the size that suits. 25- and 37-key models are perfect for mobile producers and performers, and for those in tight setups. 49- and 61-key versions are ideal for larger setups, and for those who want more keys, and greater hands-on control with faders and fader buttons.

**Custom Modes: Control Anything**

The full-size five-pin MIDI output, works with any MIDI-compatible device. Use Novation Components to configure four Custom Modes, which map Launchkey’s knobs, faders and pads to software and hardware features.

**Standalone Operation**

Launchkey works standalone, so it’s the perfect controller for any music-making setup, with or without a computer. The Scale and Chord Modes, arpeggiator and Custom Modes can all be used to control an all-hardware studio or live rig.

**Included Software**

Ableton Live 10 Lite Industry-leading music creation software, with seamless operation with Launchkey.

Splice Sounds Two-month membership. Get access to millions of high-quality, royalty-free one-shots, loops, and presets, with new releases daily.

Spitfire Audio LABS Expressive Strings Exceptional strings samples made by musicians and sampling experts in London, for anyone, anywhere.

XLN Audio Addictive Keys Access one of four virtual keyboards when you register your first piece of Focusrite or Novation hardware.

Klevgrand R0Verb A hybrid between a simple reverb and a very complex delay in an easy-to-use plugin.

Klevgrand DAW Cassette A plugin that emulates the sound of a tape deck, with accurate recreation of saturation, distortion, noise and wobble.

AAS Session Bundle Keys, guitar and synth plugins for music makers, which provide essential sounds for your tracks.

Deepest Ableton Live integration in its category

Immediate access to all the controls you need.

Create and play with feeling

Velocity-sensitive keyboard and 16 velocity-sensitive pads enable expressive and dynamic performance.

Get creative with chords

Three chord modes (fixed, scale and user) let you trigger chords with one finger.

Never hit a wrong note

Scale modes transpose keys and pads to notes in the selected scale.

Capture MIDI

One-touch access to Ableton Live’s Capture MIDI feature means you’ll never lose an idea.

Get melodies moving

Powerful arpeggiator takes you to new melodic, harmonic and rhythmic places.

Control anything MIDI

Five-pin MIDI output works with any MIDI-compatible device.

Make Launchkey your own

Four Custom Modes enable you to create unique control setups for any performance or studio rig, using Novation Components.

Shape your sound

Tweak instruments and effects to perfection using eight rotary encoders and (on 49- and 61-key models) nine 45mm faders.

Easy-to-read screen

16x2 character screen lets you easily see the state of what you’re controlling or selecting.

Choose from four model sizes

25-, 37-, 49- and 61-key variants let you pick the perfect controller for your setup.

Make music immediately

Free software, including Ableton Live 10 Lite, virtual instruments, plugins and sample packs let you start creating straight away.
