Marantz SR6015/N1B

Šifra: 14940
Kategorija prozivoda: AV Pojačala i Risiveri
Proizvođač: Marantz

Cena: 197.880,00 rsd

Enjoy exquisite video performance thanks to the latest HDMI technologies such as 8K/60Hz pass-through and upscaling, various HDR format support including HDR10, HDR10+, Dolby Vision, Hybrid Log-Gamma (HLG) and Dynamic HDR. Game with better immersion thanks to 4K/120Hz pass-through, Variable Refresh Rate (VRR) and Auto Low Latency Mode (ALLM).

Extensively tuned by world-renowned sound acousticians at the most state-of-the-art facilities, the new Marantz SR6015 leverages decades of experience in Hi-Fi to drive exceptional, audiophile-quality surround sound for all your entertainment.

9.2 channel discrete power amplifier, 185W per channel, with 11.2 channel processing capability to further expand the system.

8K/60Hz and 4K/120Hz pass-through support for every entertainment need:

With the latest technology in HDMI support, enjoy 8K quality video from your 8K source devices or with 8K upscaling from Full HD or 4K sources.

Support for the most advanced object-based audio formats:

Dolby Atmos, Dolby Atmos Height Virtualization Technology, DTS:X, DTS Virtual:X and IMAX Enhanced processing are all supported to allow you to listen to immersive, multi-dimensional audio.

Enhanced Audio Return Channel (eARC) HDMI support:

Through the main HDMI output, connect your TV with eARC HDMI support to allow uncompressed and object-based audio formats like Dolby Atmos and DTS:X directly from a smart TV app to your AV amplifier.

Bringing you the latest in video compatibility:

Support for the latest HDR formats including HDR10, HDR10+, HLG, Dolby Vision, 4:4:4 colour resolution and BT.2020, as well as Dynamic HDR provides exceptional picture quality for brightness, clarity and contrast.

The greatest technology for home cinema:

With 8K/60Hz pass-through and upscaling, Dynamic HDR and Quick Media Switching (QMS), enjoy crystal clear picture and accurate detail.

Advanced gaming specifications:

With 4K/120Hz pass-through, Variable Refresh Rate (VRR), Auto Low Latency Mode (ALLM) and Quick Frame Transport (QFT), experience gaming thrills with amazing imaging and reduced lag.

High-resolution audio streaming for audiophile approved sound:

Ability to decode ALAC, FLAC and WAV lossless files up to 24-bit/192-kHz; DSD 2.8MHz and 5.6MHz tracks — enjoy your music exactly as the artist intended.

Exclusive components that elevate Marantz sonic signature:

Marantz proprietary HDAM circuit boards, Current Feedback circuitry, AKM AK4458 32-bit D/A converters, and Hybrid PLL Clock Jitter Reducer for more detailed, dynamic sound.

Stream music from your favourite sources:

Stream from music services like Spotify Free and Premium, Amazon Music HD, Tidal and more, or stream directly from smart devices via AirPlay 2 or Bluetooth.

Features HEOS Built-in:

Your key to digital music streaming, multi-room audio
and voice control throughout your entire home.

Supports all your favourite voice assistants:

With the SR6015, simply use your voice to control your
preferred voice assistant like Amazon Alexa, Google

Assistant and Apple Siri.

Powerful 9-Channel

Powerful 9-Channel

Featuring discrete high-current power amplifiers on all channels, the SR6015 delivers 185W of power per channel. With low impedance driver capability, it offers operational stability with a wide range of speakers for balanced, quality sound. Auto Eco Mode adjusts power output to speakers based on volume level and on-screen eco meter, delivering power consumption reduction in real-time without sacrificing superb Marantz sound.

Elevated Home Cinema

The new SR6015 lets you enjoy all your entertainment in the highest quality formatting available. Screen your movies in 8K with 8K/60Hz pass-through or upscaling, and take advantage of advanced video technologies like Dynamic HDR, HDR10+ or Dolby Vision. Quick Media Switching (QMS) eliminates previously known video delay.

Multi-Source, Multi-Room

Multi-Source, Multi-Room

Enjoy 7.1 channel surround sound in your home theatre and simultaneously play stereo sound from the same source or another source in a separate room. Simply connect a pair of speakers to the multi-room amplified outputs or hook-up an additional stereo amp and speakers to the

Zone 2 pre-outs.

DTS:X and DTS Virtual:X

DTS:X and DTS Virtual:X

DTS:X immersive audio content places sound where it would naturally occur in space, creating life-like, multi-dimensional audio. The included spatial remapping engine of DTS Neural:X offers improved immersion and heightened realism for all your favourite movies. DTS Virtual:X provides immersive audio without height channels, creating virtual height effects in a 7.1, 5.1 or 2.1 speaker arrangement.

IMAX Enhanced

IMAX Enhanced

Get the most premium at-home entertainment experience with IMAX Enhanced — the latest technology from DTS that sets a new standard for home theatre imaging, sound, scale and clarity. Watch clearer pictures and brighter images. Feel immersive, heart-pounding audio and experience premium content digitally remastered by IMAX.

Amazon Alexa Voice Control

Amazon Alexa Voice Control

Speaker Preset Memory

Speaker Preset Memory

The new SR6015 stores two Audyssey settings and switches between the two settings on the fly, giving you the freedom to tweak your listening experience based on content or listening environment.

Use your voice to stream your favourite music services through Alexa to the SR6015 with HEOS Built-in. Ask Alexa to play music from Spotify, TuneIn Internet Radio, TIDAL and more. Turn volume up or down, pause, mute and play the next song — all with your voice. To start streaming with Alexa voice commands, open the Alexa app and select "Skills." Add HEOS Home Entertainment to enable. Then, go to Smart Home in the Alexa app menu and choose Devices and Discover or say "Alexa, discover my devices."

Google Assistant Voice Control

Google Assistant Voice Control

Ask your Google Home, Google app or other devices with Google Assistant built-in to control content across your listening environment. Start music in the HEOS app, then ask your Google Assistant to control volume, play, pause, skip tracks and more. "Works with the Google Assistant" feature is always improving.

AirPlay 2 and Siri Voice Control

Stream audio from your favourite music services like Apple Music and Spotify or watch videos from services like YouTube and Netflix from any iPhone, iPad, Mac or Apple TV. Hear audio perfectly synced to your speakers from AirPlay 2 sources. AirPlay 2 also supports multi-room audio — wirelessly stream content to multiple AirPlay 2 compatible devices simultaneously with improved audio buffering for smooth audio

playback. AirPlay 2 provides control and grouping of compatible audio devices within the Apple Music or Home app. Use AirPlay 2 in-app or control with your voice via Siri.

Built-in Wi-Fi
Image not found or type unknown

Built-in Wi-Fi

Featuring dual diversity antennas, the SR6015 lets you stream your favourite audio tracks wirelessly via Wi-Fi and Bluetooth. The dual diversity antenna system ensures stable streaming even in congested urban environments, and the Wi-Fi function features 2.4GHz (11b/g/n), 5GHz (11a/n) technology for compatibility with the widest range of smart devices. The SR6015 offers quick and easy push-button Wi-Fi protected setup and simple iOS Wi-Fi sharing.

Bluetooth Audio
Image not found or type unknown

Bluetooth Audio

Watch the latest movie or listen to music without waking the house. Listen to the audio on Bluetooth-connected headphones wirelessly and main speakers off, not to disturb anyone around you. The SR6015 allows you as well to play audio on both Bluetooth headphones and connected speakers simultaneously. If you have a family member or a friend who is hearing impaired, this is a great option to enjoy a movie together without raising the overall volume.

Hi-Res Audio Support

Hi-Res Audio Support

HEOS Built-in

HEOS Built-in

The ability to decode Hi-Res audio ALAC, FLAC and WAV lossless files up to 24-bit/192-kHz, as well as DSD 2.8MHz and 5.6MHz tracks (the audiophile format of SACD) lets you enjoy each note exactly as the artist intended. Listen to your music via the front panel USB port or over network sources.

HEOS Built-in is your key to an unlimited music experience, anywhere in your home. Play songs stored on your smart device or personal media server, and stream your favourite hits from leading streaming services like Spotify, Amazon Music HD, TIDAL, TuneIn Internet Radio and more, even in high resolution. Pair your HEOS enabled AVR with any HEOS Built-in product or speaker, and distribute any music source or TV sound anywhere in your home.

Integrated Phono Input

Integrated Phono Input

Easily connect your analogue turntable to the amplifier and enjoy the

warmth and realism of your vinyl collection. The HDAM component of the Marantz SR6015 outperforms op-amp solutions due to its high speed and maintains a clean audio signal for exceptional sound performance.

All Zone TV Audio

"Roon Tested" Certified

"Roon Tested" Certified

All new Marantz AV amplifiers are now Roon Tested. Get more out of your digital music library with searchable, surfable information about your favourite artists and songs. Find lyrics, concert dates, photos, bios, reviews and more. Subscription required.

All Zone TV Audio

Share the main zone TV audio in the second zone without losing fully discrete multi-channel playback in the main zone. Select "Source" for the second zone from the AVR remote app so that main zone audio will not switch to stereo PCM.

Easy to Setup, Easy to Use

Easy to Setup, Easy to Use

The SR6015 features a horizontal row of colour-coded, premium loudspeaker terminals with

a set of matching cable-labels supplied to ensure correct hook-up. The included Setup Assistant offers clear, step-by-step graphical on-screen instructions to ensure optimal setup for any configuration, bringing the most out of your home theatre setup from the very beginning.

Audyssey MultEQ XT32

Audyssey MultEQ XT32

Marantz AVR Remote App

Marantz AVR Remote App

The Marantz AVR Remote app for iOS and Android provides complete control over the latest Marantz network AV amplifiers. Use it to power on/off, adjust volume, input and settings, or switch instantly to the HEOS Built-in app.

Optimize your audio experience with Audyssey MultEQ XT32 for seamless setup of your listening environment. With the supplied measurement microphone, MultEQ XT32 analyzes each speaker's output (including the subwoofers) at up to eight measurement locations and generates precision digital filters that optimize each channel for the correct frequency and time domain response. Audyssey Dynamic Volume smooths out disruptive jumps in volume (such as TV commercials), letting you listen at lower levels while still enjoying clear dialogue, music and sound. Audyssey Dynamic EQ provides full-range clarity at any listening level, and Audyssey Low Frequency Containment uses advanced psychoacoustic algorithms to deliver more full-range balance, including deep bass, without disturbing neighbors or people in other rooms of your home. Audyssey Sub EQ HT

provides individual DSP tailoring of each subwoofer in a dual subwoofer setup for deeper bass with improved definition.

8K HDMI with eARC

The new Marantz SR6015 includes 7 HDMI inputs and 3 outputs for all your favourite sources. One dedicated 8K input supports 8K/60Hz and 4K/120Hz pass-through capability, 4:4:4 Pure Color sub-sampling, Dolby Vision, HLG, HDR10, 21:9 video, 3D and BT.2020 pass-through. Additionally, the latest HDCP 2.3 copy protection standard is supported on all HDMI ports. Showcasing the latest HDMI technology and specifications, the new SR6015 lets you take home entertainment to the next level with HDR10+, Dynamic HDR, ALLM, VRR, QMS and QFT support. The video processor is capable of upscaling native video sources up to 8K quality. The SR6015 also features HDMI eARC support, which supports 3D audio formats like Dolby Atmos and DTS:X in masterful quality from your TV apps. Conveniently, your HDMI inputs automatically

rename themselves with information provided by the source (when available).

Dolby Atmos

Feel every dimension in Dolby Atmos with up to 7.1.4 configuration (with additional 2ch amplifier). Enjoy a 5.1 or 7.1 surround sound speaker system and up to four additional overhead speakers or four Dolby Atmos enabled up-firing speakers for the ultimate home theatre experience - including Dolby Surround upmixer for legacy content. For those without in-ceiling speakers, Dolby Atmos Height Virtualization Technology leverages Dolby's deep understanding of human audio perception to create the sensation of overhead sound from listener-level speakers.
