Pioneer HRM-7 - Studijske slušalice

Šifra: 15184
Kategorija prozivoda: Slušalice
Proizvođač: Pioneer DJ

Cena: 26.280,00 rsd

Accurate sound

Dual air chambers in the housings improve airflow to deliver an improved bass response, while a 3-layer damping structure eliminates unwanted resonance for cleaner low to mid frequencies.

Studio sound quality

The unique 40 mm HD driver units faithfully reproduce frequencies of up to 40 kHz to guarantee a crystal clear, high-res sound.

Fully enclosed pads

The headphones' housings feature a large space around the ear for a wider sound stage and acoustic separation. The fully enclosed design improves sound insulation and reduces ambient noise.

Comfortable monitoring

The large ear pads are made with a hybrid memory foam and covered with soft velour fabric – providing a snug fit and ensuring enough airflow for accurate monitoring. The freely adjustable headband and flexible, ergonomic design on the ear pads mean you can find the best size and angle to suit you, ensuring comfort over long sessions in the studio.

Specifications

Main Features

Type	Fully-enclosed, dynamic stereo headphones

Driver Units	HD driver, 40 mm dynamic type

Plug	3.5 mm stereo mini-jack (gold-plated, 2-way, screw-type)

Cable	1.2 m side mount coil cable (3 m extended length) 3 m one-sided straight cable
