SVS PB-1000PRO Black Ash Aktivni vufer

Šifra: 15321
Kategorija prozivoda: Hi-Fi Subwooferi
Proizvođač: SVS

Cena: 113.880,00 rsd

A complete reimagination of the original 10-inch driver, the PB-1000 Pro features an all-new 12-inch high-excursion driver with dual high-grade ferrite magnets and FEA-optimized internal motor architecture for extreme excursion and massive, pristine output. With innovations to the cone, surround, voice coil, and motor assembly, the unflappable 12-inch driver unleashes room-shaking bass never-before-heard from a ported subwoofer anywhere near the price.

Using the same amplifier technology as the flagship SVS 16-Ultra Series, PB-1000 Pro features a 325 watts RMS, 820+ watts peak power Sledge STA-325D amplifier with fully discrete MOSFET output. Harnessing the massive power while ensuring accuracy and control is a 50 MHz Analog Devices Audio DSP with frequency response curves precisely tuned for the PB-1000 Pro.

PB-1000 Pro also features the SVS subwoofer smartphone app, the most convenient way to control volume, access multiple DSP functions, and program custom presets for one-touch tuning profiles optimized for music, movies, gaming, and more. Adjust crossover frequencies, a three-band parametric EQ, polarity, room gain and more, all from your favorite seat.

New to the PB-1000 Pro is a dual port configuration that enables greater output with much lower distortion compared to the original 1000 Series model.

Rear Panel Intelligent Control Interface (ICI).

The rear-panel SVS Intelligent Control Interface (ICI) provides control options and connections for the subwoofer’s most critical functions.

Acoustically Inert and Rigidly Braced Ported Cabinet Design.

Classically handsome, the acoustically optimized ported cabinet features extra-thick MDF front baffle and rigid internal bracing for a resonance-free environment. Serves as a blank canvas for uncompromised subwoofer performance.

PB-1000 Pro Smartphone App – Easiest way ever to manage subwoofer DSP and control.

The most convenient way ever to control volume, access multiple DSP functions, and program custom presets for one-touch tuning optimized for music, movies, gaming, and more. Adjust crossover frequencies, dial-in the three-band parametric EQ, polarity, room gain and more, all from your favourite seat.

12-inch SVS High-Excursion Driver – Room-shaking bass with subtlety and refinement.

Substantially upgraded from the previous 10-inch 1000 Series driver design, the PB-1000 Pro features a reimagined 12-inch high-excursion driver with dual ferrite motor assembly. Capable of moving massive amounts of air with crisp precision, the added surface area provides a major performance upgrade over the previous model and features multiple enhancements.

Sledge STA-325D Amplifier – Effortless power with sophisticated control.

Conservatively rated at 325 watts RMS, 820+ watts peak power, the Sledge STA-325D amplifier maximizes the full potential of the 12-inch driver with effortless power and precise control. The innovative design combines the efficiency of a Class D amplifier with the ability to move colossal amounts of current through the fully discrete MOSFETs for outstanding real-world subwoofer performance at all drive levels, in any room, allows easy integration with any home theatre or stereo speaker system.

Cabinet Type	Forward Firing P

Finish	Premium Black A
Driver	12-inch long-thr
Amplification	Cool-running Cla
Power	325 watts RMS,
Frequency Response	17-260 Hz +/- 3
Dimensions (H x W x D)	(w/ grille): 18.9”
Weight	19.3 kg

Cene su informativnog karaktera. Prodavac ne odgovara za tačnost cena iskazanih na sajtu, zadržava pravo izmena cena. Ponudu za ostale artikle, informacije o stanju lagera i aktuelnim cenama možete dobiti na upit. Plaćanje se isključivo vrši virmanski - bezgotovinski.
