Šifra: 15453
Kategorija prozivoda: Bookshelf Zvučnici
Proizvođač: Polk audio

Cena: 59.880,00 rsd

FLAGSHIP SOUND

WHAT BETTER SOUNDS LIKE

Inheriting best-in-class technologies from our flagship Legend series of loudspeakers, the Polk Reserve series helps teach you what better sounds like.

AMAZING SOUND AND ELEGANCE

With understated elegance, the Reserve line has a minimalist design with universal appeal. Inheriting Polk’s flagship transducer array, the R200 produces exceptional sound that rivals competitor speakers that sell for twice the price.

SIT RIGHT EVERYWHERE

PINNACLE RING RADIATOR TWEETER

The Pinnacle Ring Radiator Tweeter’s distinctive pointed shape guides the dispersion of high frequency sounds around a room. This innovation widens the sweet spot and allows you freedom to enjoy your music and movies wherever you choose to sit.

STRENGTH IN MOTION

TURBINE CONE WOOFER

Our pioneering turbine design delivers a significant increase in cone rigidity without increasing mass. This innovation means the woofer can move with increased accuracy and speed to deliver enhanced sound resolution, enabling you to experience a breathtaking level of detail in your music and movies.

PURITY OF SOUND

X-PORT

Polk's proprietary X-Port eliminates unwanted noise created as air moves in and out of the speaker cabinet port at high-speeds. This ensures a rich and detailed listening experience with tight distortion-free bass and a clean midrange.

FORM AND FUNCTION

EXCEPTIONAL CABINETRY

Reserve’s sleek cabinetry hides a world of audio innovation. Cabinets are carefully cross-braced to best eliminate unwanted interior resonances. Rounded exterior corners help disperse sound broadly around the room with minimal diffraction, creating an open sound stage.

HI-RES AUDIO CERTIFIED

Your sound is only as good as your source. With Hi-Res Audio certification, the Polk Reserve R200 bookshelf speaker delivers clear and detailed high-end response. Female vocals are particularly smooth and detailed without coloration. Plus, a minimum support of 40kHz perfectly reproduces the latest Hi-Res Audio files with improved audio extension.

CERTIFIABLY EXCELLENT

HI-RES CERTIFIED, DOLBY ATMOS ENABLED & IMAX ENHANCED

The Reserve Series sets the benchmark for music and movie audio excellence

Specification

Speaker Type	Standmount
UOM (Sold As)	Pair

TRANSDUCER

Tweeter	1" Pinnacle Ring Radiator
Mid-range/Mid-bass	-
Woofers	6 ½” Turbine Cone
