Kategorija proizvoda: In Ear Monitoring  
Proizvođač: MACKIE

**Cena: 17.880,00 rsd**

MMCX connectors allow the shielded braided cable to be detached for easy storage or replacement. Accessories supplied with the MP-220 include foam, silicone, and double-flange eartips in multiple sizes, a gold-plated 3.5mm to 1/4" adapter, and a molded hard carry case.

## Sound Isolation and Comfort

Ergonomically molded low-profile enclosure offers enhanced comfort, sound isolation, and bass response

## Balanced Drivers

Specially selected dynamic drivers offer a balance of vocal clarity and ample low-end for optimal performance on stage

## Detachable Cable

The detachable cable is equipped with swiveling MMCX connectors for easy wearing and replacing

## High-Fidelity Performance

The audiophile-grade cable is internally braided and features an outer shielding for enhanced durability and sonic performance

## Optimal Fit

With three different types of eartips included and in three different sizes each, you can choose what works best for your ears

## Durable Hard Case

Protect your investment with the included molded hard carrying case, which comes with a handy clip for securely attaching it to a backpack
