

Beyerdynamic WA CD Punjač

Šifra: 16604

Kategorija proizvoda: Wireless Mikrofoni

Proizvođač: Beyerdynamic

Cena: 54.240,00 rsd

During the charging process the batteries remain inside the transmitters. The charging state is displayed by lights. The Ethernet port on the rear of the device is used for the communication with a media control system, which indicates the charging status (vacant, charging, charging finished, error).

Features:

Charger with compartments for two belt-pack transmitters or 2 NiMH batteries and two handheld transmitters of the TG100 and Qunita series.

Separate charging of each individual rechargeable battery|.

Status display via lights.

Charging time 2 - 3 hours.

Monitoring the battery voltage during the complete charging time.

Using a micro controller to ensure safe charging.

Negative voltage gradient detection (-dV).

Integrated security mechanisms such as negative voltage.

Gradient detection, safety timer and automatic battery.

Chemistry detection.

Ethernet port for the communication with media control.

Drill holes for table installations.
