Saramonic SoundBird T3

Šifra: 15696
Kategorija prozivoda: Mikrofoni Za Kamere
Proizvođač: Saramonic

Cena: 37.080,00 rsd

The **Saramonic SoundBird T3** is an advanced professional shotgun microphone that delivers clear, broadcast-quality sound and provides a comprehensive set of features with a premium suite of included accessories. An internal rechargeable Li-Ion battery provides power for up to 150-hours, and it can also be powered by external phantom power. The all-brass construction is extremely durable and helps to reduce radio frequency interference. The gold-plated XLR output provides the best possible signal transfer and resists corrosion. At 11.1” the SoundBird T3 is the ideal size for use on a camera, boom pole or stand.

What you need to sound the best
Several built-in controls let you achieve the best possible sound quality in a variety of situations. A Low-Cut button eliminates distracting deep bass sounds like the rumble from HVAC, footsteps and traffic noise. A High-Boost button compensates for frequencies that are lost when you use wind protection and increases vocal intelligibility. A -10dB Pad makes it possible to capture loud sounds without clipping. All of the buttons are illuminated so you can easily see the settings, and an On/Off button changes color based on power source and battery level. Your settings are saved when you turn the mic on and off.

A travel-ready suite of premium accessories
You need many accessories to use a shotgun microphone properly, and instead of making additional purchases, all of these accessories are all included with SoundBird T3. You get an SR-SMC2 shock mount for attaching to the shoe of a camera or a boom pole. You also get a 2-foot (61cm) XLR output cable, a dedicated stand mount, a storage pouch, a foam windscreen, a MicroUSB charging cable, a hard-shell travel case with a handle and protective foam inserts and a reusable cable strap. You will have all of the essentials for capturing the best possible sound quality for your productions.

An advanced professional shotgun microphone with multiple filters that delivers clear, broadcast-quality sound and includes an array of useful accessories with a hard travel case

Built-in illuminated buttons: Low-Cut filter removes unwanted rumble sounds, High-Boost adds high frequencies that are lost with wind protection and increases vocal intelligibility, -10dB Pad captures loud sounds

Powered by internal rechargeable Li-Ion battery with 150-hour run-time or with external phantom power, illuminated On/Off button changes color based on power source and battery level

Durable solid brass construction prevents radio-frequency interference, gold-plated XLR connector resists corrosion and provides the best possible signal transfer

Includes a premium shock mount to attach to cameras or boom poles, a dedicated stand mount, storage pouch, foam windscreen, 2-foot (61cm) XLR output cable, hard travel case and more

Polar Pattern: Cardioid
Frequency Range: 75Hz to 20kHz
Sensitivity: -38 ± 3dB (0dB-1V/Pa, at 1kHz 1.5V 2.2K)
Output Impedance: 150ohm
Dynamic Range: 125dB (per IEC651)
Maximum SPL: f=1kHz, THD<1% 105dB
Signal-to-Noise Ratio: 80dB SPL (per IEC651)
High-Pass Filter: 150Hz
Pad: -10dB
High Frequency Boost: +6dB
Material: Brass
Power Requirements: 48V Phantom Power or Built-in Lithium Battery
Battery Life: 150 Hours
Output Connection: 3-pin XLR, Balanced Output Between Pin 2 (+), Pin 3 (-) and Pin 1 (Ground)
Diameter: 0.86” (2.2cm)
Length: 11.1” (28.2cm)
Weight: 8.48oz (240.5g)

1 x SoundBird T3 Shotgun Microphone
1 x SR-SMC2 Premium Adjustable Shock Mount
1 x Mic Clip Stand Mount
1 x Hard-Shell Travel Case
1 x Microphone Storage Pouch
1 x Foam Windscreen
1 x 2’ (61cm) Female to Male XLR Cable
1 x MicroUSB to USB-A Charging Cable
1 x Reusable Cable Strap
1 x User Manual
1 x Warranty Card
