COMPACT DESIGN, BIG PERFORMANCE

MAXIMIZE YOUR ENJOYMENT OF MUSIC, MOVIES, AND GAMING

Monitor XT15 maximizes your enjoyment of music, movies, TV and gaming with dynamic, high-resolution sound featuring effortless bass. Hi-Res Audio and Dolby Atmos Certified, DTS:X compatible, and in an affordable, wall-mountable design that can be placed nearly anywhere, the MXT15 fulfills the Polk promise of great sound for all.

FEEL THE DIFFERENCE

HI-RES AUDIO CERTIFIED PERFORMANCE

Monitor XT15’s Terylene dome tweeters enable playback beyond the range of human hearing—up to 40kHz—ensuring an airy, clear, high-end energy and spaciousness that you’ll not only hear but feel. MXT15 is a perfect speaker set to enjoy high resolution movies, gaming or the latest hi-res streaming services like Apple Music, Tidal, Amazon Music HD, Qobuz and Spotify HiFi.

LOW DISTORTION, HIGH IMPACT

SURPRISINGLY EFFORTLESS BASS

Polk has always been known for speakers that produce effortless bass that’s surprising for their size. The MXT15 is no exception. Beefy 5.25” high-efficiency, dynamically balanced woofers provide a clean, open mid-range and punchy, responsive bass, with low distortion—making voices and instruments clearly heard and movie soundtracks and music filled with impact.

READY TO ROCK

DOLBY ATMOS CERTIFIED & DTS:X COMPATIBLE

Compatible with the latest Dolby Atmos and DTS:X surround sound enabled AV receivers and 4- & 8-ohm amplifiers, Monitor XT does not require specialized equipment to deliver great sound.

PRECISION MADE

BUILT FOR PURE LISTENING

All Monitor XT models are made for the enjoyment of pure sound: Their nickel- plated binding posts guarantee a direct, lossless connection; critically braced MDF cabinets isolate the sound of the woofer and tweeter without adding unwanted resonances; and their removable, precision-fit grilles minimize sonic interference.

POLK MONITOR XT15 (PAIR)

COMPACT BOOKSHELF SPEAKER
