Kategorija proizvoda: Wireless Zvučnici
Proizvođač: Kanto audio

Cena: **29.880,00** rsd

Equipped with 4-inch Kevlar® drivers and 1-inch silk dome tweeters, this high-performance powered speaker system delivers smooth, natural sound while ensuring you experience the full impact of lower frequencies. For laid-back listening, use the provided remote to make quick volume, tone and balance adjustments, as well as control playback while streaming via Bluetooth.

SILK DOME TWEETERS

YU's 1-inch tweeters are made from silk to deliver a high-frequency range that is bright and refined. Their dome shape improves sound dispersion to ensure your ears capture every sound, regardless of where you are in the room.

SIGNAL DETECTION

Automatic standby and power-up mode conserves power when you're away and continues playback when your music starts playing.

TAKE CONTROL OF YOUR SOUND

Packed with functionality, the YU series remote makes listening to audio more convenient. Quickly switch between sources, tune your sound to fit your space, and control playback while streaming via Bluetooth.
