HEADSET FOR MODERATION
The lightweight, compact and closed headset DT 297 PV MK II is particularly suitable for moderations. The headset features a powerful neodymium magnet system, very high reproduction precision and optimized speech reproduction for best intelligibility. The microphone can be adjusted to an optimal angle of incidence by the flexible gooseneck. The microphone holder can be rotated so that the microphone can be worn either on the left or right side.
HIGH WEARING COMFORT
The velvet-covered soft, circumaural ear shells and the padded, adjustable headband ensure a high level of wearing comfort.
HIGH FEEDBACK IMMUNITY
The cardioid polar pattern ensures high feedback immunity and noise cancellation. The wide transmission range enables clear and precise speech transmission with high syllable intelligibility.
MADE IN GERMANY
The broadcast headphones and headsets are and always have been handcrafted in Germany. The materials and component parts used are painstakingly made by hand and can be replaced if necessary.
