

## QED QX16/2 Flame Retardant Wht

Šifra: 16612

Kategorija proizvoda: Hi-Fi kablovi na metar

Proizvođač: QED

**Cena: 175,00 rsd**

QED QX16/2 PVC speaker cables are high performance and exceptional quality installation speaker cables with a flame retardant PVC outer sheath. They are designed to deliver excellent levels of performance vs cost in all multi-room and home cinema installations where low smoke zero halogen (LSZH) cables are not specified.

- Fully tested flame retardant design meets and exceeds IEC60332-1
- Ensures good performance levels are maintained even on longer runs
- Large cross-sectional area of high purity copper conductors
- PVC Flame retardant high performance outer jacket
- Colour-coded conductor sheaths
- RoHS2 Compliant
