

CELESTION Vintage 30 16 Ohm - Gitarski zvučnik

Šifra: 04498
 Kategorija proizvoda: Zvučnici za gitarska pojačala
 Proizvođač: Celestion

Cena: 14.280,00 rsd

original Celestion Blue. We could then form a precise model of our vintage speaker characteristics and apply it to a speaker design using new materials for greater power handling.

The result was an instant classic. Seemingly twice as loud as anything else at the same power level, the Vintage 30 handles massive overdrive sounds with ease. Tight bass, fat mids and a smooth, harmonically rich top end have made the Vintage 30 an excellent 4 x 12" loudspeaker. Of course, it's also suitable for any other cab!

General specifications	
Nominal diameter	12", 305mm
Power Rating	60W
Nominal impedance	8ohm and 16ohm
Sensitivity	100dB
Chassis type	Pressed steel
Voice coil diameter	1.75", 44.5mm
Voice coil material	Round copper
Magnet type	Ceramic
Magnet weight	50oz, 1.42kg
Frequency range	70-5000Hz
Resonance frequency, Fs	75Hz
DC resistance, Re	7.3? & 12.9?

Mounting Information	
Diameter	12.2", 309mm
Overall depth	5.3", 135mm
Magnet structure diameter	6.1", 156mm
Cut-out diameter	11.1", 283mm
Mounting slot dimensions	0.31", 7.9mm Ø
Number of mounting slots	4
Mounting slot PCD	11.7", 297mm

CELESTION Vintage 30 16 Ohm - Gitarski zvučnik

Vintage 30 resulted from Celestion's early steps to preserve the tonal characteristics of vintage speakers while using contemporary materials and construction techniques.

As the 1970s progressed and guitar amplifiers became more powerful, guitarists began to demand the tone of the Celestion Blue in a speaker that could handle more power. So in the early '80s, Celestion made pioneering use of Laser Doppler Interferometry to analyse the cone behaviour of an

original Celestion Blue. We could then form a precise model of our vintage speaker characteristics and apply it to a speaker design using new materials for greater power handling.

The result was an instant classic. Seemingly twice as loud as anything else at the same power level, the Vintage 30 handles massive overdrive sounds with ease. Tight bass, fat mids and a smooth, harmonically rich top end have made the Vintage 30 an excellent 4 x 12" loudspeaker. Of course, it's also suitable for any other cab!

Unit weight

10.4lb, 4.7kg
