Experience the heart-pounding, cinematic thrills of immersive sound that envelops you from every angle. MagniFi Max AX combines an Atmos-enabled speaker array with up-firing drivers for overhead action and Polk SDA technology for a more expansive soundstage.

MagniFi Max AX’s robust 11-speaker array and powerful 10” subwoofer uncover the true sonic potential of your favorite songs, whether you stream music over Bluetooth or Wi-Fi via Apple AirPlay 2, Google Chromecast, Spotify Connect, or any Works with Alexa music service.

TV, Movie, Music, and Night modes optimize your sound at the push of a button. Polk’s VoiceAdjust™ technology lifts voices above the mix so you’ll never miss a word of critical dialogue. Polk BassAdjust balances the low-end response of the soundbar and subwoofer for maximum (or minimum) bass impact.

For more than five decades, Polk has led the way in innovating speakers that provide great sound at an accessible price. MagniFi Max AX delivers flagship performance at a fraction of the cost of comparable sound bars.

DOLBY ATMOS, DONE BETTER

EXPERIENCE MOVIES, MUSIC, AND GAMES IN TRUE DOLBY ATMOS/DTS:X SOUND
An 11-driver array with built-in height drivers works in concert with Polk’s patented SDA technology to deliver movies and music in 5.1.2 Dolby Atmos and DTS:X 3D sound with an accurate and expansive soundstage.

room music listening.

DEEP, IMPACTFUL BASS
MAXIMUM BASS WITH A POWERFUL 10” WIRELESS SUBWOOFER
The 10” down-firing MagniFi Max AX subwoofer—our most powerful sound bar sub—delivers the deep, effortless bass that Polk is famous for. Wireless connection allows for convenient placement. Dial in the ultimate sound with BassAdjust.

POLK VOICEADJUST™
HEAR EVERY WORD
Tired of riding the volume control? Never miss a word of dialogue again. Polk’s patented VoiceAdjust™ speech-clarifying technology works with MagniFi’s integrated center-channel speaker to bring up the volume of voices over other elements of the soundtrack.

MOVIE, TV, MUSIC, AND NIGHT MODES
OPTIMIZE AUDIO FOR ANY LISTENING SCENARIO
One-click sound modes optimize bass, clarity, and soundstage for movies, TV, or music. Night Mode turns up dialogue and turns down bass for late-night watching without disturbing the neighbors.
