Technics EAH-A800E-K

Šifra: 16835
Kategorija prozivoda: Wireless Slušalice
Proizvođač: Technics

Cena: 33.480,00 rsd

Even your voice on hands-free calls is made to be crisp and clearly understood thanks to the use of eight MEMS mics with beamforming and noise suppression. Four mics focus on your voice while the other four handle noise cancellation. These features and additional functionality are available all day long, thanks to a multi-day battery life of up to 50 hours with ANC activated.

Silence Outside Noise
With dual hybrid active noise cancellation, the EAH-A800 uses feedforward and feedback microphones, along with analog and digital processing to filter out distracting ambient sounds.

Speak Clearly
Whether you're on an important call or speaking voice commands, your voice will come in crystal clear thanks to eight built-in MEMS microphones. Four of the mics are beamforming with noise suppression, which means they focus specifically on picking up your voice and minimize surrounding sounds from being picked up.

Listening Modes
You can still interact with the world around you without taking off your A800 headphones. Activate Transparent Mode to let outside voices and sounds back in to fully interact with your environment. Or you can choose to activate Attention Mode, which reduces external noise while still letting you hear voices, which is ideal for having a quick chat, placing an order, or listening to an important announcement.

Comfortable Design
Made for extended wearing, the EAH-A800 over-ear headphones feature large, super-soft earcup cushions and a padded headband. The pressure of the cushions is evenly distributed and the headband is made to reduce pressure across your entire head.

Multi-Day Battery with Quick Charging
On a full charge, the EAH-A800 over-ear headphones can run for up to 50 hours with active noise cancellation turned on. If your battery does get low and you don't have the time for a full recharge, simply quick charge them for 15 minutes to gain up to 10 hours of playback.

Wearing Sensor
A built-in sensor can detect when you are wearing the A800 headphones. Take them off and playback will automatically pause. Put them back on within 60 seconds and playback will automatically resume.

Technics Audio Connect App
Using the Technics Audio Connect mobile app, you can make pairing easier with mobile devices, adjust noise cancellation and sound mode settings, and more.

Voice Assistants
Use your voice through the headphones to interact with your mobile device's voice assistant to play music, adjust the volume, make calls, and more.

Multipoint
With support for multipoint technology, these headphones can automatically switch between two paired devices. So if you're watching a movie or streaming video on a laptop or tablet, the EAH-A800 headphones will automatically switch to your phone during an incoming call.

Additional Features
Folds and stores easily inside the included travel case
Alexa support built-in
Listen to wired devices with the included audio cable
Supports Bluetooth 5.2, which allows pairing with up to 10 devices

Technics EAH-A800 Specs
Headphone
Earpiece Design Over-Ear (Circumaural), Closed-Back
Earpiece Swivel Not Specified by Manufacturer
Earpiece Connection / Wearing Style Headband
Foldable Yes
Driver Type Dynamic
Driver Size 1.6" / 40 mm
Diaphragm PEEK
Impedance 34 Ohms
Active Noise Cancellation Yes
Controls/Microphone Location Controls: Earpiece (Side Unspecified)
Microphone: Left Earpiece, Right Earpiece
Performance
Frequency Response 4 Hz to 40 kHz (Wireless)
Sensitivity 105 dB/mW at 1 kHz
Microphone
Number of Voice Mics 4
Beamforming Support Yes
Type MEMS
Noise Canceling Yes
Wireless Connectivity
Supported Audio Codecs AAC, LDAC, SBC
Bluetooth Profiles A2DP, AVRCP, HSP, HFP
Bluetooth 5.2
Wireless Range 33' / 10.1 m (Bluetooth)
Multipoint Support Yes
Maximum Paired Devices 10
NFC No
Wired Connectivity
Audio Connector to Source 1 x 1/8" / 3.5 mm
Audio Connector to Earpiece Not Specified by Manufacturer
Cable Length 1 x 3.3' / 1 m (1/8" / 3.5 mm)
Battery
Runtime 50 Hours (BT+ANC)
60 Hours (BT)
120 Hours (Standby)
Quick Charging Times 15 Minutes for 10 Hours
Recharge Time 3 Hours
Wireless Charging None
Charging Port USB Type-C
Charging Cable Length 1.6' / 0.5 m
Physical
Color Black
Water Resistance None
Dimensions 7.69 x 6.69 x 3.38" / 19.53 x 16.99 x 8.59 cm

Weight 0.7 lb / 318 g
Packaging Info
Package Weight 2.275 lb
Box Dimensions (LxWxH) 9.7 x 8 x 3.3"

Cene su informativnog karaktera. Prodavac ne odgovara za tačnost cena iskazanih na sajtu, zadržava pravo izmena cena. Ponudu za ostale artikle, informacije o stanju lagera i aktuelnim cenama možete dobiti na upit. Plaćanje se isključivo vrši virmanski - bezgotovinski.
