

Mark Levinson No.5805 Integrirano Pojačalo

Šifra: 16842
Kategorija proizvoda: Integrirana Pojačala
Proizvođač: Mark Levinson

Cena: 958.800,00 rsd

Powerful Amplification

Fill your home with rich, enveloping waves of sound. This high-end integrated amplifier contains a highly capable power supply (500+ VA toroidal transformer) that allows it to provide the right amount of power to your loudspeakers — and deliver premium audio performances without distortion.

No.5805 Feature

Detailed Digital Audio

Discover new details in your digital music, from hidden harmonies to whispered cues. The No. 5805 includes a premium Precision Link II Digital-to-Analog Converter (DAC) that accurately reproduces audio signals and minimizes noise, so you can experience outstanding audio quality and connect to your music on a deeper level.

No.5805 Feature

Extraordinary Analog Audio

Mark Levinson's proprietary Pure Path circuit design maximizes audio signal integrity with exceptional accuracy and sonic clarity from this high-end integrated amplifier with a premium phono pre-amp. The result? Unmatched sound quality that captures the nuances of your entire analog music collection.

Performance Specs

Watts RMS per Channel (8-ohms) 125

Watts RMS per Channel (4-ohms) 250

Frequency Bandwidth 20-20k

THD 0.18%

Minimum Impedance 2 ohms

Signal to Noise Ratio 103

Highlights

No. 5000 Series signature design

EuP compliant / low-power standby

Designed and handcrafted in the USA

Inputs

1 x USB 2.0, 1 x coaxial S/PDIF, and 2 x optical S/PDIF

384 kHz/32 bit PCM and DSD 11.2 MHz capability

Bluetooth audio input including aptX HD support

MQA full decoding on all digital inputs including asynchronous USB

Analog Inputs: 1 x balanced XLR stereo, 2 x RCA stereo, 1 x RCA Phono (MM/MC)

HT processor pass-thru mode

Outputs

Line outputs: 1 x RCA stereo (variable)

Headphone output: 1 x 1/4-inch/6.35mm jack (front panel)

Speaker outputs: 2 pairs high-current binding posts

Control

Ethernet (RJ45), RS-232 (DB9), 12V trigger input/output and IR input (3.5mm jack)

Webpage setup, configuration import/export, software updates

Included handheld IR remote control

Mark Levinson Kontrol app for Android and iOS devices

Dimensions

- Height: 154mm
- Depth: 507mm
- Width: 438mm
- Weight: 28.1kg
