

Prism Sound Dante Module

Šifra: 16927

Kategorija proizvoda: Proširenja

Proizvođač: Prism Sound

Cena: 106.800,00 rsd

With this setup, DANTE users can enjoy the excellent sound quality of both the Titan and Atlas A/D and D/A converters, and their equally well regarded on-board microphone preamplifiers. Titan was recently rated 'the pinnacle of USB recording' with 'fantastic converters and mic pre's' by John Gatski, of Everything Audio Network.

Control of the Prism Sound Titan or Atlas units when connected to DANTE is easy. When connected over a network the units are controlled using a dedicated software app that is available for both Mac and Windows. This enables you to control the units from any computer on the network or via its dedicated USB port. The set up information can be stored for instant recall within the dedicated app unlike many third party interfaces whose settings cannot be recalled.
