### Primare SPA25 Prisma Black

### Key

#### Features

Dolby Atmos, DTS X, and derived immersive audio processing  
9 channels of amplification with a maximum total power output of 810 watts  
eARC advanced high resolution audio and video HDMI connection system for best system interaction and performance.

#### System Configuration

The SPA25 Prisma offers 11 channels of Atmos and DTS X immersive audio processing, with customisable presets and assignable amplifier channel allocation and Front Left / Right analog outputs allowing for:

5.1.4 and 7.1.2 configurations

5.1.2 configuration with bi-amped Front Left/Right channels with speakers that allow for bi-wiring

7.1.4 configuration with addition of a stereo amp for front speakers

The sophisticated adaptive power supply provides for maximum output power per channel of 145/250 watts into 8/4 ohms and 290/450 watts into 8/4 ohms into each bi-amplified speaker, making the SPA25 Prisma the most powerful integrated amp Primare has ever produced.

Additionally, Left Front, Right Front, and Centre channel RCA outputs are available for adding external power amplifiers for those channels.

Seventeen customisable input pre-sets allow for virtually any combination of digital and analog input configurations, with five customisable speaker setup pre-sets allow for a variety of speaker and DSP configurations.

#### SPA25, NOW WITH DIRAC LIVE

The interaction between your Primare system and the physical layout of your room has a huge impact on sound quality. With Dirac Live® Room Correction you can apply state-of-the-art, patented algorithms to analyze and digitally reduce room impact and enhance speaker performance through your Primare system. Dirac Live delivers a larger sweet spot, accurate staging, clarity, voice intelligibility, and a deeper, tighter bass not otherwise possible. Fully tunable to your preference.

#### PRISMA Remote Control

SPA25 Prisma will be the first model to include the new PRISMA system remote control, providing IR control

for every past and present Primare model:

- Basic TV control
- OTA update support
- Backlit

**Our design philosophy**

Primare products are informed by our practical design approach, embodied by the Scandinavian design ideal of lagom – that sense of not too much or too little, but just right; everything in balance, proportion, and harmony.
