QED QX16/2 2 Core Outdoor Speaker Cable

This water and UV-resistant cable is optimised for outdoor use. QED's high-purity copper conductors ensure high performance over longer distances, and the PE Outdoor outer jacket ensures durability, even allowing it to be buried.

What QED say
QX16/2 and QX16/4 PE are high performance and exceptional quality installation speaker cables with a water and UV resistant PE outer sheath. They are designed to deliver excellent levels of performance in most outdoor installations with no additional conduit required.

Features :
Large cross-sectional area of high purity copper conductors
Ensures good performance levels are maintained even on longer runs
Sequentially metre marked - counting down so you always know what you have left on the reel or in the box
