

# Bowers & Wilkins Formation Bass - Bežični aktivni vufer

Šifra: 17206  
Kategorija proizvoda: Wireless Zvučnici  
Proizvođač: Bowers & Wilkins

Cena: 143.880,00 rsd

eventuality.

## Power and efficiency

250 watts sounds like a lot – and it is. Class D amplification makes Bass both high-efficiency and high-performance.

## For any Formation

Bass works with the entire Formation range – so prodigious low-frequency action is assured in any circumstance.

## Size & weight

|            |                                                                           |
|------------|---------------------------------------------------------------------------|
| Dimensions | Height: 254mm (10 in)<br>Width: 281mm (11.1 in)<br>Depth: 260mm (10.2 in) |
| Net weight | 12.5kg (27.6 lb)                                                          |

## Technical details

Bowers & Wilkins Formation Bass - Bežični aktivni vufer

impact without making an effort

## Dual driver technology

Thanks to its opposed dual driver arrangement, Bass delivers clean low-end punch with lower distortion than ever.

## Constantly optimised

Dynamic EQ allows Bass to monitor and adjust its output in real time, for optimum performance in any
