Bowers & Wilkins PANORAMA 3 B-Stock

Šifra: 17224
Kategorija prozivoda: Soundbarovi
Proizvođač: Bowers & Wilkins

Cena: 83.880,00 rsd

The source of cinema sound.

Panorama 3 is a Dolby Atmos-enabled, Amazon Alexa-compatible, home theatre powerhouse in a single, elegant component. Bowers & Wilkins draws on its decades of collaboration with the world's most famous recording studios to deliver stunning sound. Wall bracket included.

Elegant and understated
Panorama 3 looks good
in any environment

Immersive sound from a single speaker
Thirteen individual, painstakingly positioned drivers, including twin subwoofers, powered by a total of 400 watts of amplification. This is what allows Panorama 3 to deliver the most immersive, most convincing spatial audio ever heard from a sound bar.

Because you want sound all around you
Thanks to upward-firing drive units, each housed in an individual acoustic chamber, Panorama 3 projects tightly focused sound upwards onto your ceiling to deliver the truest, most immersive Dolby Atmos spatial audio effect.

Connected, smart, intuitive and effortless
Enjoy Bluetooth aptX™ Adaptive, AirPlay 2, a host of streaming services and hi-res audio too.

Easy to set up, simple to use
The intuitive app ensures easy network set-up, and HDMI eARC means simple connectivity.

All the sound you need from one elegant component
In addition to twin Dolby Atmos units, Panorama 3 has nine more drivers and two subwoofers. Outstanding performance is assured.
