True Wireless Noise Cancelling Earbuds with Multipoint Bluetooth®, AZ80

Superior Uninterrupted Sound
Signature Technics Clear Sound
Unique acoustic technology offers audio detail and rich sound for an exceptional listening experience through your earbuds.
Signature Technics Clear Sound
Intuitive Smart Features
Seamlessly switch between devices, enjoy crystal-clear calls, with easy touch control, and a lasting battery life.
Intuitive Smart Features
Designed For All-Day Comfort
Low-profile design with concha fit, a focus on comfort for you to wear your earbuds snugly all day and on the go.

Signature Technics Clear Sound
Full Spectrum Sound
Experience detailed Technics Hi-Fi sound quality with a powerful bass. The large 10mm free-edge aluminium alloy
diaphragms* offer for an enhanced low-distortion bass response.
Full Spectrum Sound
Audio, As It Should Be
Featuring an acoustic control chamber for a natural, but powerful bass and a harmoniser for expansive sound with less distortion - the Technics wireless earbuds also supports LDAC™ high-res wireless audio.*
*Delivered in 96 kHz/24-bit LDAC, when connected by Bluetooth® to a compatible device.
Audio, As It Should Be
Pure Listening
Enjoy uninterrupted Hi-Fi sound performance with the Technics wireless earbuds that feature Dual-hybrid Active Noise-Cancelling. It achieves with feedfoward and feedback mics, plus analogue and digital processing.
*As of March 2023, Technics research using JEITA guidelines for True Wireless noise-cancelling headphones.
Pure Listening
Intuitive Smart Features
Multipoint Connection To 3 Devices

Seamlessly switch between 3 devices using category-first functionality.
*LDAC playback incompatible with 3 devices.
Multipoint Connection To 3 Devices
JustMyVoice™ Technology
Equipped with 8 separate mics with advanced wind noise reduction for amplified speech while minimising background noise.
*Performance may be affected by external factors.
JustMyVoice™ Technology
Convenient Single Earbud Use
Customise the touch sensors with the Technics App and enjoy single earbud use while charging the other.
Convenient Single Earbud Use
Control The Sound Around You
Choose how much background sound to let in with Natural Ambient Mode, or focus more on speech with Attention Mode.
Control The Sound Around You
Long Battery Life
Listen for up to 7 hours* of playback with ANC on, 24 hours back-up with the case. Just quick charge to enjoy 70 minutes of playback.
*After a full charge, subject to playback volume and other factors
Long Battery Life
Wear Detection
Earbuds detect when they are removed from your ear and automatically pauses your music or video so you never miss a beat.
Wear Detection
Additional Smart Features
