Šifra: 17542

Kategorija proizvoda: Podnostojeći Zvučnici

Proizvođač: ProAc

Cena: **479.880,00** rsd

ProAc D20R replaces the multi award winning ProAc D18, with a similar footprint but improvements in all areas, making it an amazing value speaker in ProAc's Response range.

Improved Performance

Improvements include the addition of a ribbon tweeter (as featured in the D30R, D40R and K6) with better bass/midrange driver, cabinet bass loading at the base (like the D30R and D40R) and an updated crossover network.

Sound Quality

In contrast to the dome tweeter featured on the D18, the ribbon tweeter on the D20R gives an extremely clear and airy high frequency response and pinpoint imaging and the high performance mid/bass driver and new cabinet loading giving an expansive midrange with substantial bass that digs deep and offers incredibly rich and thunderous power and bass extension. A large and expansive soundstage is a bonus.

Cabinet Finish

The build quality of ProAc loudspeakers is the best we have seen from any brand here at Audio Affair, hand-made from real wood in a range of stunning finishes. The D20R is no exception, available in a range of finishes including the premium rosewood and ebony options.

Nominal Impedance: 8 Ohms
Recommended Amplifier: 20-180W
Frequency Response: 28Hz to 33kHz
Sensitivity: 88.5dB linear for 1W at 1m
Bass Driver: 6.5" (165mm) ProAc unit
Features: glass fibre weave cone
