Cena: 115.080,00 rsd

Professional DJ and hobbyists looking for a cost-effective professional DJ mixer will be impressed with the **Reloop RMX-95**, a 4+1 channel DJ mixer featuring an industry standard layout and workflow with a familiar and user-friendly interface. The layout includes four stereo input channels with gain, 3-band EQ, sound filters (HPF/LPF), and 60mm faders. The replaceable crossfader is compatible with the RMX Innofader.

The RMX-95 features an upgraded digital architecture with dual USB-B ports for connecting to two computers simultaneously, hugely advantageous for seamless changeovers and back-to-back sessions. The dual audio interface provides 10 inputs and 10 outputs. Additionally, there is a dual port USB-A hub for keeping your portable devices charged. Other notable features include two microphone inputs with a 2-band EQ, two headphone outputs (1/4" / 3.5mm), and new Beat FX, which offer multiple studio-quality effects. The RMX-95 is DVS-enabled for Algoriddim djay PRO AI and features a groundbreaking Neural Mix function that lets you isolate beats, melodies, and vocals in the mix in real time.
