Q Acoustics Q5010 Holme Oak - Zvučnik za stalak/policu

Šifra: 17747
Kategorija prozivoda: Bookshelf Zvučnici
Proizvođač: Q ACOUSTICS

Cena: 59.880,00 rsd

Full Description
C3 Continuous Curved Cone Design
Expertly engineered, the 4.5" C3 Continuous Curved Cone™ mid/bass driver mixes a thumping bass performance, with exceptional high/mid-range frequency control. The curved design enables excellent sound dispersion, a wide-reaching 56Hz - 30 kHz frequency response, and reduces distortion to keep your music clear.

Precise Driver Performance
To ensure optimal audio performance, the mid/bass driver is equipped with intricate magnets that are coupled to large voice coils which amplifies the motor's power. This increases power handling by up to 50 and transmits robust audio signals. The Q 5010 produces a premium bass response through the bass reflex design and brings extra aural detail to your HiFi and Home Cinema system.

Dynamic Tweeter
The 1" tweeter is hermetically sealed and reduces any resonance to create a clean playback sound. Isolated from the baffle, the tweeter is safeguarded from internal pressure modulations so you can hear your favourite songs as the musician intended. With reduced distortion, this tweeter helps to boost the output of the Q Acoustics Q 5010 and creates a thrilling listening experience.

Excellent Construction
Engineered with precision, the Q 5010 offers a polished modern design that is vastly durable. The dark acrylic baffle motif mirrors the Q 5010 speakers' minimalist design very well and helps to provide an immersive acoustic performance. Making these speakers, perfect for creating an enveloping soundstage.

Point-2-PointTM (P2P) Bracing
Continuing the dynasty of Q Acoustics flagship models, the Q 5010 is equipped with Point-2-PointTM (P2P) bracing. The bracing offers exceptional enclosure rigidity and reduces lower-frequency vibrations. The Point-2-PointTM technology elevates the focus of the stereo image to produce a great sound.

Optimal Connectivity
The Q 5010 speakers house two metal securing nuts to offer connectivity to 4mm wires, plugs or spade tags. These securing nuts also offer low contact resistance to ensure flawless audio transmission. The Q 5010 speakers will create a room-filling sound you will not want to switch off.

Key Features

4.5" C3 Continuous Curved Cone™ mid/bass driver creates an immersive, deep sound
1" tweeter produces sharp frequencies
The tweeter is isolated from the baffle to reduce sound interference
Intricate magnets coupled with large voice coils provide great power handling
56Hz - 30 kHz frequency response enables a varied sound output
Bass reflex design gifts you with a detailed bass response
Dark acrylic baffle motif mirrors offer a world-class acoustic performance
Point-2-PointTM (P2P) bracing minimises lower-frequency vibrations
Two metal securing nuts provide great connectivity to your amplifier

Bass unit	1 x 110 mm (4.5 in)
Treble unit	1 x 25 mm (1.0 in)
Frequency response(-6dB)	56Hz - 30 kHz
Nominal impedance	6 Ω
Minimum impedance	3.3 Ω
Sensitivity (2.83V @ 1kHz)	86.3 dB/w/m
Recommended amplifier power	15-90 W
Crossover frequency	2.5 kHz
Effective volume	5.0 L
Dimensions (per loudspeaker / H x Wx D)	264 x 160 x 263 mm
Weight (per loudspeaker)	5.6 kg

Cene su informativnog karaktera. Prodavac ne odgovara za tačnost cena iskazanih na sajtu, zadržava pravo izmena cena. Ponudu za ostale artikle, informacije o stanju lagera i aktuelnim cenama možete dobiti na upit. Plaćanje se isključivo vrši virmanski - bezgotovinski.
