The EHX Platform Stereo Compressor/Limiter presents you with a versatile and powerful studio-quality compressor enclosed in a stompbox-sized package. Use the Platform’s compressor/limiter on any instrument—such as guitar, bass or keyboards—for precise and powerful control of your signal’s volume. Engage the Drive and Swell functions to further tailor and enhance your sound. Whether you’re on stage, in the studio, putting together a podcast or creating your next YouTube masterpiece, the Platform will help you get the job done.

Studio-quality compressor/limiter lets the user precisely tune dynamics regardless of the instrument or situation.
The compressor/limiter includes a full complement of controls: Volume, Attack, Release and Sustain, plus pushbuttons for Hard or Soft Knee and the Limiter
Foot-switchable overdrive section adds versatility and includes dedicated controls for Volume, Tone and Drive. Together with the compressor it produces a sound that’s saturated, smooth and slippery
Adjustable Swell function creates bowed, fade in and reverse effects
True stereo operation, can be used as Mono In and Out, Mono In and Stereo Out, or Stereo In and Stereo Out
Features a three color, eight LED compression meter that displays the compressor’s actual gain reduction in real-time
Stereo buffered bypass that’s great for keeping your signal pristine with multiple pedal setups and long cable runs
Power adapter included
