Taking a step into music itself

Accuracy level
With the 2MR Red you will hear the music come to life on its own terms. It is like taking a step into the music itself. This is our entry-level cartridge in the series, but what an entry. The 2MR Red delivers an open, dynamic sound with a slight touch of warmth..

Designed for low-profile turntables

Compatibility
The Ortofon 2MR Red features a specially designed cartridge housing tailored for turntables and tonearms like Rega, matching their requirement for low-form factor cartridges.

With its narrow cartridge housing, it seamlessly integrates without a need for modifications or spacers under the tonearm, enabling quick and easy mounting with just two screws.
