Mixing amp

The Biamp MA240 is a powerful, easy to use amp for mixing microphone with music. Ideal for commercial applications with the need for music and voice over, this amp lets you switch seamlessly between the two. The unit comes with two mic/line inputs and four stereo line, mono summed inputs.

Line speaker system output

Designed to work with line speakers, the MA240 makes the perfect partner for Biamp's matching installation line speakers. Working with 70 and 100 volt systems, the MA240 outputs up to 240 watts to a 70 or 100 volts line system – enough for a powerful sound in larger rooms and venues.

Easy to use

Featuring a logical control system, first time users will quickly get to grips with the MA240. The large volume control is illuminated – perfect for locating in dark environments. The two microphone inputs have easy to adjust, separate level controls with clear switches. Similarly, switching between the four music sources in push-button simple.

Take control of music and voice over, with the Biamp MA240.
