Denon AVR-S770H Black 7.2 AV risiver

Šifra: 18432
Kategorija prozivoda: AV Pojačala i Risiveri
Proizvođač: DENON

Cena: 71.880,00 rsd

You deserve a cinema experience
Enjoy 8K video and spectacular 3D sound from a 7.2-channel receiver with HEOS® wireless music streaming.
AVR-S770H
Enjoy 8K video and spectacular 3D sound

Denon quality sound
Fill a small to mid-size room with dynamic Denon sound.

Spectacular 3D audio
Feel like you’re in the middle of a movie with Dolby Atmos.

Geared for 8K
Enjoy amazing video quality from the latest 8K technology.

AVR-S770H
Enjoy incredible 8K video and 3D audio
With HEOS® Built-in, easily access streaming music and share with HEOS-enabled speakers in other rooms.

Discrete high-current amplifiers on all channels deliver up to 75W per channel (at 8 ohms, 20-20kHz, THD 0.08%)—enough power to drive most speakers in a mid-size room.

Provides both Wi-Fi and Bluetooth connectivity for your wireless network or direct music streaming from your smart devices. Use AirPlay to stream Apple Music.

Our award-winning guided setup assistant provides clear, step-by-step instructions to get you started.

Includes Audyssey MultEQ software for accurate calibration that optimizes the listening experience in your room.

Founded in 1910, Denon enables the moments that matter through the relentless pursuit of quality, innovation, and audio performance.

By simply speaking to an Alexa-enabled device, you can play music, adjust volume, switch inputs, and perform other functions without needing to use physical buttons or remotes.

Stream audio or video from your favourite streaming services using your smart device. Hear audio perfectly synced to your speakers from AirPlay 2 sources. AirPlay 2 also supports multi-room audio.

Upgrade your home theatre with height speakers to unleash a fully immersive 3D audio experience, or engage all speakers to create 3D audio sensation from legacy content even without height speakers.

Enjoy Dolby Vision content from a compatible source device and TV. Dolby Vision is a stunning HDR imaging technology that brings extraordinary colour, contrast, and brightness to the screen.

DTS:X immersive audio content places sound where it would naturally occur in space, creating lifelike, multi- dimensional audio. DTS Neural:X upmixer offers heightened realism for legacy content.

Google Home or other devices with Google Assistant built-in can control content across your listening environment. Ask your Google Assistant to control volume, play, pause, skip tracks and more.

Play the same song in every room or select a different song for each connected room via a variety of streaming sources. Add Denon Home speakers to more rooms and control it all with the HEOS app.

Josh.ai offers flexible voice control for nearly any aspect of your entertainment environment. Use voice commands to control the thermostat, lights, home appliances, speakers, AV receiver, and more.

Enjoy pristine 8K picture quality on your 8K TV or projector. Supports both 8K pass-through and 8K upscaling of 4K content. Supports HDCP 2.3 for peace of mind when streaming copy protected content.

Tailor your sound with complete connectivity & control
Every element of a Denon product is thoughtfully crafted to deliver an unforgettable audio experience.
