

Audeze LCD-2 Rosewood Rings

Audeze LCD-2 Rosewood Rings

Šifra: 18738

Kategorija prozivoda: Slušalice

Proizvođač: AUDEZE

Cena: 143.880,00 rsd

Over-ear, open-back

Style

Transducer type

Planar magnetic

Magnetic structure

Proprietary magnet array

Phase management

Fazor

Magnet type

Neodymium N50

Diaphragm type	Ultra-thin
Transducer size	106 mm
Maximum power handling	5W RMS
Maximum SPL	>130dB
Frequency response	10Hz - 50kHz
THD	<0.1% @ 100dB
Impedance	70 ohms

Sensitivity	101 dB/1mW (at Drum Reference Point)
Minimum power requirement	>100mW
Recommended power level	>250mW
Weight	595g

Get Up Close to the Music

From Audeze's very beginning onward, LCD-2's vibrant and physical sound connects listeners closely with their favorite artist. The midrange tone is warm and lifelike, and the legendary deep and powerful bass lets you feel the pulse of the music. Fine details are presented effortlessly and smoothly.

Advancing Planar Technology

Featuring a unique dual-sided staggered magnetic array, LCD-2's planar drivers give music the space to breathe and feel real. Upgraded with our patented Fazor waveguides, today's LCD-2 delivers precision and intimacy in every listening session.

Created with Care and Detail

LCD-2 is still made in our Southern California workshop, using beautiful hand-crafted wood rings, maintaining the look and feel of the orginal. Now upgraded with our suspension headband and latest earpads, LCD-2 is more comfortable than ever.
