Saramonic SmartMic5 Di

Šifra: 18925
Kategorija prozivoda: Mikrofoni Za Kamere
Proizvođač: Saramonic

Cena: 4.680,00 rsd

Focused Sound and Extra Reach in a Micro Form-Factor
The SmartMic5 Di features a 2.36 x 0.43” (6 x 1.1cm) interference tube and a unidirectional polar-pattern. Designed to focus on the sound in front of the microphone, while attenuating sounds from the sides and rear. Letting your video viewers and social media followers focus on your message and not the background noise. Because of its longer interference tube, it also allows you to move farther away from the microphone and still get a detailed and full-frequency sound. At only 5.3 x 0.7” (13.5 x 1.8cm) and 0.4oz (10.5g) it personifies ultra-compact and ultra-lightweight, making it ideal to bring anywhere anytime with your iOS device. Not only is this microphone ultra-compact and lightweight, it also never needs batteries or charging.

Flexible Positioning with Integrated Shock Mount
The SmartMic5 Di features an integrated 180˚ built-in swivel, so it can easily be pointed directly at the sound you want to capture. Its unidirectional pickup pattern provides smooth and even sounding audio, and its integrated shock mount helps you avoid recording unwanted vibration and handling noise.

Item Includes
1 x SmartMic5 Di Micro-Shotgun Microphone
1 x Foam Windscreen
1 x Furry Windscreen
1 x Warranty Card

Specifications
Polar Pattern: Unidirectional
Output: MFi Certified Lightning Male Connector
Power Requirements: Powered by Device
Bit Rate: 16-bit
Sample Rate: 48kHz
Frequency Response: 75Hz to 16kHz
Signal-to-Noise Ratio: 60dB S:(f=1KHz,S.P.L=1Pa) N:(A-Weighted curve)
Sensitivity: -37±2dB(0dB=1V/Pa,at 1KHz)
Dimension: 5.3 x 0.7” (135x18mm)
Weight: 0.4oz (10.5g)
