

AKG D880 WL 1 MKII

Šifra: 01788
 Kategorija proizvoda: Oprema za Mikrofone
 Proizvođač: AKG

Cena: 3.480,00 rsd

AKG D880 WL 1 MKII

From
AKG,

the **D880WL1-MKII** is the D880 condenser capsule designed for use with AKG wireless modular handheld transmitters.

The D880 features a hyper-cardioid polar pattern providing maximum gain before feedback and minimizes noise at the off-axis sections of the capsule. This makes the microphone suitable for live sound reinforcement and public address situations where monitor speakers and ambient noise may be

present. The element yields a frequency response of 60 - 20,000Hz and features an SPL rating of 147dB.

Hypercardioid Polar Pattern

The hypercardioid polar pattern provides a focused pick up, minimizing off-axis audio and noise.

Wide Frequency and SPL Response

The D880M boast a frequency response of 60 - 20,000Hz and max SPL rating of 142dB for smooth, distortion free sound reproduction in any application.

Specification

Transducer	Dynamic
Polar Pattern	Super-cardioid
Frequency Response	60 - 20,000Hz
Maximum Input Sound Level	147dB / 156dB SPL for 1% / 3% THD
Power Requirements	<i>dynamic element - no power required</i>
Output Impedance	Electrical: < / -600 ohms Recommended Load: > / -2.000 ohms
Output Connectors	<i>not applicable</i>
Dimensions	<i>not specified by manufacturer</i>
Weight	<i>not specified by manufacturer</i>
